FOR RELEASE: AUGUST 2006

So many projects, so many glues! Now Amazing GOOP® CRAFT will do them all!

No matter what kind of craft you love, at some point *gluing* will probably be involved. Crafters are faced with a bewildering array of specialty adhesives for their projects, but now there is no need to have a different adhesive for each kind of craft project you do.

Amazing GOOP® Craft, by Eclectic Products, Inc., is the perfect adhesive for all arts and crafts needs because it repairs, seals, and sticks to a wide variety of materials with superior strength. **Amazing GOOP® Craft** is unsurpassed in its ability to bond unlike materials together, such as glass to stone or wood to metal. It's perfect for scrapbooking; affixing stones and gems to fashion jewelry; decorations to birdhouses, water features and lampshades; various objects and materials to stamping projects or mosaic tiles to trivets. Both waterproof and washer/dryer safe, **Amazing GOOP® Craft** can even be used to apply rhinestones, decals, ribbons and buttons to clothing.

Crafters will love the special applicator tip on the 3.7 oz. size for fine work. (The 1.0 oz. size has a tapered opening.)

Because it dries to a clear, rubbery finish, **Amazing GOOP® Craft** has a unique ability to withstand movement and temperature extremes without cracking or separating. It is also an excellent sealant. For craft projects exposed to sunlight, paint over **Amazing GOOP® Craft** after it has cured for maximum ultraviolet protection.

So lighten the load in your toolbox by using this versatile, superior adhesive for the majority of your projects.
